A Few Of My Favourite Things

Warm April showers and cold moons in autumn,
good friends and lovers, you know when you've
got 'em,

replacing government with anarchy,
these are a few of my favourite things.

Lockdowns and treesits and teach-ins and
blockades,

joining with others to fight for a new day,
ripping up the streets while we dance and sing,
these are a few of my favourite things.

Corporate culture, it surrounds me,
and I think I'll give up,

and simply remember my favourite things,
and then I go **FUCK SHIT UP!**

Intersex Babies

The intersex babies born every day

Doctors want to mutilate, we say nay

Just boy or girl is what they're trying to sow

That fucked up binary has got to go

'cause male female or in-between

It all works out just let us be

Cuz we want long clits and short dicks and xxyy

Medical associations ain't got no alibi

Everyone deserves a choice especially the children

We demand a world free of forced genital mutilation

That means no circumcision no cosmetic surgery no clitorrectomy no vaginoplasty

School Days

I learn from everything I do, much more so than from school
Where I'm forced to sit and listen, and be turned into a tool
Live now for your future, waste away at your desk
And let the standardized tests dictate your happiness
But I've got my own ideas, I want to jump and play
And learn all the secrets they've hidden away
So I'm ditchin' your methods, your school's weren't made for me
I'll learn it for myself and my mind will be free! yeah!

Rocker Girl Queer Style (modified by priya)

There once was a rocker girl with a queer flag to unfurl
With a puppet show on QFS *oh!*
With a message that intended to change the world
She'd go to the center of town where folks were sex radically down
And she never was afraid when the gossip spit sprayed she always
stood her ground

Chorus

She said you can't catch me I'm runnin' with the queer block
Stuff yer crotch with a tube sock
Cop around runnin' with the que-eer block
She said you can't catch me I'm runnin' with the cheer block
And I'll be runnin' with the cheer block til the revolution is nigh
Til the day I die!

When this rebel girl gets crass as she gets a whiff of the homophobe
gas
With a radical cheer for the riot gear that goes ackabacka sodacracka
kiss my ass!
And as tough as it may seem she will go to the extreme
Its fucked up oppression with no concession its more than just a
dream

Chorus

All foreign troops OUT of Iraq

Stop War and
